

Dissertation Fellowship Application

Your application must be turned in to your Graduate Program Director prior to the Graduate School Submission Deadline [found here - <http://www.umsl.edu/gradschool/admitted/fellowship.html>]. Each department can only submit 2 nominations to the Graduate School and they must be submitted in rank order. Check with your Graduate Program Director for their deadline date.

Student Name

Student Number

Degree Program

Date dissertation proposal accepted by the Graduate School: _____

Select your preferred judging category:

- Math/Computer Science/Physical and Life Sciences Social Sciences/Business/Education

If your dissertation proposal has not been accepted, please explain how you plan to complete your dissertation within a year.

List any publications or materials in preparation for publication and conference presentations that are based on your research.

Provide the names of three individuals who will be submitting a letter of recommendation.

Explain how the fellowship could help with successful completion of the dissertation.

Attach a one-page overview in NON-SPECIALIST language. The overview should be understandable to a general academic audience. It should include a self-contained description of the project, including specific aims and a brief description of the research methods. It should indicate where the research currently stands and when the dissertation is expected to be completed. Lastly, the overview should address the both the academic significance and the broader impact of the proposed study. The overview is limited to one page.
